Examiner's Comment

Amendment to Add Inventors in a Non-Provisional Application Under 37CFR 1.48(a)

The amendment is defective. An Oath or Declaration by each actual inventor or inventors as required by 37 CFR 1.63 must be submitted.

Reasons for Allowance

The independent claims recite a limitation for the following:

"a mobile unit configured to transfer broadband information as a single nomadic transmission/reception point between the satellite communication subsystem and the wireless LAN using an ethernet packet switching protocol"

Some prior art of record teaches a fixed system in communication with a satellite subsystem and a wireless LAN. Some other prior art of record teaches a mobile relay unit that communicates with fixed stations. There is no suggestion or motivation for combining the prior art of record to achieve the limitation. New search updates revealed no other prior art which teaches the limitation. Therefore, claims 1-28 are indicated allowable.
